

Hello to all students and families of TISCS!

My name is Diana Bartschi, and I am excited that I was given the opportunity to be at TISCS this year as the 6th and 7th grade teacher. I have been with Tracy Unified for 16 years as a middle school teacher. I began my teaching career at Art Freiler as a 6th grade teacher for two years and 7th and 8th grade core for three years. In 2010, I joined the staff at George Kelly as a 7th grade core teacher.

As an educator, I have enjoyed teaching middle school students the techniques of writing and opening their eyes to the different genres of literature. I have had other careers in my lifetime, which include being an Executive Secretary for a major corporation, as well as a Private Piano Instructor. Over the years, I have discovered that being a teacher has become one of the most rewarding career choices.

I am married and have four children and nine grandchildren who bring me a great deal of joy. My interests include reading, running and biking, playing the piano, and visiting with my family.

I love being a part of the Independent Study Charter School.
